

**Everyone knows that opportunities don't grow on trees. But sometimes they can just drop in your lap.**

**Your opportunity is simply ripe for the picking. Why wait? The SafetyVan new dealer opportunity is too good to ignore.** Look closely. This is your chance to become the first in your area to offer something no one else has and so many truly need. There's a ready-made market just waiting for a brand new vehicle that meets or exceeds all current federal standards. You now have the ability to be among the first in the nation as a SafetyVan dealer.

*Engineered to Get You There and Back... Safely*

## **No other high-capacity vehicle is as safe or versatile.**

**SafetyVan is the ideal choice for church groups, private middle schools, high schools, universities, van pools, shuttle operations and more in your area** who want the driving ease, maneuverability and capacity of a **10-14-passenger van** and don't require or desire the driver to have a commercial driver's license.

**SafetyVan** is not a bus or simple van conversion. Instead **SafetyVan** is delivered from our factory as a completely refitted extended passenger van based on the industry's most respected Chevrolet Express or GMC Savana vans from GM.

**SafetyVan** is equipped with **the unique General Motors "Stabilitrak"® Electronic Stability Control System, the longer 155" wheel base, the Fiberglass Reinforced Roof Section and the ergonomically designed individual seating with integrated 3 point securement system.** It all adds up to a safe, comfortable vehicle that is reliable, economical and easily insurable.

Find out just how profitable the SafetyVan can be for your dealership. So contact us now for complete details or to schedule an in-person demonstration:
